

**PRECISION
LOCATING**

Leak and Utility Locating Specialists
www.precision-locating.com
(602) 957-1846

Precision Locating will be conducting a smoke test on the sewer waste and vent system. This test is being conducted to locate the source of sewer odor in and around the building. The smoke is nontoxic, non-staining and has a low odor, MSDS reports are available upon request.

Test will be conducted on _____ at _____

You will only see smoke in you area if there is a leak in the waste and vent system, the amount of smoke seen will depend on the severity of the leak.

If you see smoke in your area you can notify our technician

_____ at _____

For your safety the local fire, police and waste departments have been notified prior to our testing.

If you need further information call our office at 602-957-1846. Or visit our web site at precision-locating.com to view the MSDS and Maxim report.
